Passio domini nostri Jesu. ex hieronymo
mo paduano. Dominico Mancino. Sedulio. et Bapti-
sta Mantuano. per fratrem Chelidonium colle-
cta. cum figuris Alberti Dureri
Aouici pictoris.

Has ego crudelis homo pro te perfero plagas
Atq; meo morbos sanguine curo tuos.
Vulneribusq; meis tua vulnera, morteq; mortem
Tollo deus: pro te plasmate factus homo.
Tuq; ingrate mihi: pungis mea stigmata culpis
Sape tuis. noxa vapulo saepe tua.
Sat fuerit. me tanta olim tormenta sub hoste
Iudæo passum: nunc sit amice quies.

161.

CHRISTVS IN MONTE OLIVEI.

Manc. **E**ratu carnalibus postmodum
Post epulas discoloratum mens remotus est
Hinc iter ad montem carpatumui nomen oliua
Indiderunt hic nam pernoctare solebat.
Iurea ad facies loquitur sic inter eundem.

Chelido. Hac vos nocte omnes sparget fuga fusa per umbres.

Manc. Nam scriptum est pecudes spargi vultu pastore
Per cussus iacet. Quamuis defecerit omnis
Petrus atque possum comitans occumbere secum.
Tum Petro dominus ter hac nocte negabis.
Postq̃ venerunt in villam nomine dictam
Gessemolus societates hic remanere
Dones non longe vadam quo prout ad orem.
Ei comitans Petrus nam natus e Zebedae
Assumpsit pergensatque progressus ab illis
Quoniam quis iactu lapidem torquere iaceto
Possedit ad solitam gradinar quem noverat harrum.

Chelido. Hic de veteri sinuato poplite more
Orbatus quoq̃ dabat sacra verba patris.

Manc. Summe pater qui caecis potes oculos aperire
Hunc calceis potuisti viri huc iussit hora.
Tum laquei malo mens conseruata tenebre.
Factus ut exanimis spem dant corde volat.
Frigida fadarunt nunc lasso in corpore membra.
Tum quoq̃ qui malo mansit flumine sadore
Is ceteri sanguis erat terram deffusus ad iuam.
Angulus e furuncis veniens hunc lapsum olympo
Solatus dominum qui se iam fecerat agniti
Hic postq̃ oratus Petrum sociosq̃ reuocauit.
